**SUBJECT: Operational Memorandum #04H-12**  
School Area Eligibility Data for Day Care Home Tier I Determinations

Enclosed is a listing of area eligible schools to be used for making Tier I eligibility determinations for day care homes in the Child and Adult Care Food Program (CACFP). The new list is based on public school data from the month of October 2011. As a reminder, refer to Operational Memorandum #05H-11 which discusses the Healthy, Hunger-Free Kids Act of 2010 (the Act), Public Law 111-296 that modified the requirements for using area eligibility data to make tiering determinations for family day care homes participating in the CACFP.

All schools presented on the **List of Area Eligible Schools-October 2011 Data** reflect schools in which 50 percent or more of the enrolled children are eligible for free or reduced price meals in the National School Lunch Program. Any provider who operates a day care home in the attendance area of a listed school would be eligible as a Tier I day care home provider. In some instances, there may be more than one school that services a particular address. In this circumstance, either one of the schools may be used to make the Tier I determination.

The new school data is effective **February 1, 2012**, and would impact:

- the annual review of eligibility of providers sponsored by agencies with a policy of annual re-determination of all providers; and
- all providers new to the CACFP or those who have relocated as of February 1, 2012.
